## ACHIEVEMENTS

### Hactoberfest Opensource Celebration Event 2021 (10/2021 - 10/2021)

Hacktoberfest is a month-long yearly global celebration of open source software run by DigitalOcean in partnership with Intel and others, with a strong focus on encouraging contributions to open source projects.

## CERTIFICATES

### FreeCodeCamp Responsive Web Design (07/2021 - 08/2021)

FreeCodeCamp is a globally recognized nonprofit organization which provide free and excellent courses with proper practice sets for students.

## POSITION OF RESPONSIBILITY

### Organised 100 days of code challenge in my college for 20 students.

In this event, 20 students took participation and it was successfully completed at the end.

### Organised a seminar for 70 students.

In this seminar, I taught them about basics of Web development and DSA. Hopefully it was successfully completed under our HOD guidance.
